Computer Science & Engineering department organized a motivational talk as a part of Campus Outreach Programme on 12th August 2016, 9:30 am, at conference hall, Central library block. Inaugural session started with prayer. PG student representative of CS&E dept Ms.Akhila Sreenivas K presented welcome speech for all dignitaries, PG and UG scholars and all other invitees. Principal, Dr. S. Suresh Babu gave presidential address for the function. After that, guest Mr. Binu Shankar who is the Assistant Director-innovation of EY at Technopark presented keynote address. Head of Computer Science department, Prof. Anil A.R who played a major role in conducting the programme was welcomed in his absence. Ms. Bitty S Varghese, M.Tech student representative from CS&E department delivered vote of thanks to those who accepted invitation. The session for motivational talk on the topic 'Embracing The Future: Innovation And Disruption' started. Mr. Binu Shankar inspired and motivated all P.G and U.G scholars with his valuable insights on the chosen topic. The session of one and half hour utilized all P.G and U.G students from various departments.

The talk is mainly included with a presentation on "Technology Advancement and Digital Disruption" and the whole discussion is focused on it. In that presentation, he tried to give a positive impact about automated or robot-driven future.He also mentioned about the negative

impacts caused by recent advancements in robotics.He then gave a clear concept of "Digital Disruption".Digital disruption is already a feature of the business world, presenting great opportunities and grave risks in equal measure. It seems inevitable that digital innovation will make the future look very different. Despite this, companies today must face up to the fact that "digital disruption" is already a feature of the business world. This concept motivated every P.G And U.G scholar to think positively face the future changes with a challenging approach.
